## 1. OVERVIEW:

- 1.1. **SCOPE AND BACKGROUND:** Through this Request for Proposal (RFP) the Department of Vermont Health Access (hereinafter the "State") is seeking to establish a service agreement with one or more companies that can provide Blueprint for Health Expansion Analytics. The Vermont Blueprint for Health (Blueprint) is a State-led, nationally recognized initiative for transforming health care delivery and payments to create an integrated, accountable health system where resources promote wellness and communities work together towards achieving better health for everyone. Currently, Vermont is experiencing increased deaths from drug overdose and suicide and concerning levels and acuity of mental health and substance use disorders. Additionally, there is a need to identify and address social determinants of health, particularly housing instability. The Blueprint for Health Expansion aims to enhance Community Health Team resource levels to implement a two-year pilot designed to improve access to mental health and substance use disorder services through increased integration with primary care. The objective of this pilot program is to ensure that services occur across the entire population served by primary care practices that participate in the Blueprint for Health, which includes most primary care practices in Vermont. Specifically, the pilot program will support primary care practices in providing the following services across all ages and insurance payers:
- Universal screening for mental health, substance use disorder, and social determinants of health,
  - Brief intervention within the practices when there are positive screening results, and
  - Navigation to additional community-based services when warranted.
- 1.2. **CONTRACT PERIOD:** Contracts arising from this RFP will be for a period of **2 years** with an option to renew for up to two additional twelve-month periods. The State anticipates the start date for such contract(s) will be December 1, 2023.
- 1.3. **SINGLE POINT OF CONTACT:** All communications concerning this RFP are to be addressed in writing to the State Contact listed on the front page of this RFP. Actual or attempted contact with any other individual from the State concerning this RFP is strictly prohibited and may result in disqualification.
- 1.4. **BIDDERS' CONFERENCE:** A bidders' conference will not be held.
- 1.5. **QUESTION AND ANSWER PERIOD:** Any bidder requiring clarification of any section of this RFP or wishing to comment on any requirement of the RFP must submit specific questions in writing no later than the deadline for question indicated on the first page of this RFP. Questions may be e-mailed to the point of contact on the front page of this RFP. Questions or comments not raised in writing on or before the last day of the question period are thereafter waived. At the close of the question period a copy of all questions or comments and the State's responses will be posted on the State's web site <http://www.bgs.state.vt.us/pca/bids/bids.php>. Every effort will be made to post this information as soon as possible after the question period ends, contingent on the number and complexity of the questions.
- 1.6. **CHANGES TO THIS RFP:** Any modifications to this RFP will be made in writing by the State through the issuance of an Addendum to this RFP and posted online at <http://www.bgs.state.vt.us/pca/bids/bids.php>. Modifications from any other source are not to be considered.
- 1.7. **BIDDER ASSISTANCE:** If a bidder requires assistance in preparing their proposal or needs guidance on socioeconomic certifications, the bidder may contact the Procurement Technical Assistance Center (PTAC). PTAC specializes in helping small businesses navigate the documentation associated with State and Federal procurement. ## 2. DETAILED REQUIREMENTS/DESIRED OUTCOMES:

2.1. The State of Vermont is interested in obtaining bids to meet the following business need(s):

The *Blueprint for Health* (Blueprint) is Vermont's state-led initiative charged with guiding a process that results in sustainable health care delivery reform. It was originally codified in Vermont at statute in 2006, then modified in 2007, 2008, and 2010 with Vermont Act 128 amending 18 V.S.A. Chapter 13. 18 V.S.A. Chapter 13 defines the Blueprint as a “*program for integrating a system of health care for patients, improving the health of the overall population, and improving control over health care costs by promoting health maintenance, prevention, and care coordination and management.*”

To that end, the Blueprint works with stakeholders in each of Vermont's Health Service Areas (HSAs) to implement a health services model. The Blueprint for Health is currently expanding its payment system to support Mental Health (MH) and Substance Use Disorder (SUD) treatment in primary care. Previously, a Blueprint focus had been on the Hub and Spoke system of Medication for Opioid Use Disorder (MOUD), supporting people in recovery from opioid use disorder (OUD). For more information on the Hub and Spoke system of care, please visit our website: [blueprintforhealth.vermont.gov/about-blueprint/hub-and-spoke](http://blueprintforhealth.vermont.gov/about-blueprint/hub-and-spoke). In addition to the previous focus on OUD services, the Blueprint is now working to expand from an opioid-specific focus to one that more systematically screens and treats MH and other SUDs in primary care settings. This broader focus will inform pharmacologic and non-pharmacologic practices for holistic care, make recommendations for referral to and from sub-specialty care, and extend the treatment team model beyond provider and patient to include community health workers, coaches, peers, nurse case managers, counselors, social workers, psychologists, pharmacists, and others.

The Blueprint for Health is seeking services from independent vendors to support the qualitative evaluation of the processes and outcomes of the Community Health Team Expansion Pilot. The Community Health Team Expansion Pilot is the response to Act 167 Section 7 of 2022, whereby the Blueprint for Health was asked by legislators to “increase...payments toward Blueprint for Health Community Health Teams and provide quality facilitation...in furtherance of the goal of providing additional resources necessary for delivery of comprehensive primary care services to Vermonters and to sustain access to primary care services in Vermont.” The Pilot aims to enhance Community Health Team resource levels to implement a two-year pilot designed to improve access to mental health, substance use disorder, and social needs services through increased integration with primary care with Medicaid Funds. The Pilot period is July 01, 2023 through June 30, 2025. Contract period shall be from successful bid award through September 30, 2025.

More detail on the scope of work to be performed can be found in Attachment A of this RFP.

3.2. **STATEMENT OF RIGHTS:** The State shall have the authority to evaluate Responses and select the Bidder(s) as may be determined to be in the best interest of the State and consistent with the goals and performance requirements outlined in this RFP. The State of Vermont reserves the right to obtain clarification or additional information necessary to properly evaluate a proposal. Failure of bidder to respond to a request for additional information or clarification could result in rejection of that bidder's proposal. To secure a project that is deemed to be in the best interest of the State, the State reserves the right to accept or reject any and all bids, in whole or in part, with or without cause, and to waive technicalities in submissions. The State also reserves the right to make purchases outside of the awarded contracts where it is deemed in the best interest of the State.

## ATTACHMENT A – STATEMENT OF WORK

The Blueprint for Health is seeking services from independent vendors to support the evaluation of the processes and outcomes of the Community Health Team Expansion Pilot. The Community Health Team Expansion Pilot is the response to Act 167 Section 7 of 2022, whereby the Blueprint for Health was asked by legislators to “increase...payments toward Blueprint for Health Community Health Teams and provide quality facilitation...in furtherance of the goal of providing additional resources necessary for delivery of comprehensive primary care services to Vermonters and to sustain access to primary care services in Vermont.” The Pilot aims to enhance Community Health Team resource levels to implement a two-year pilot designed to improve access to mental health, substance use disorder, and social needs services through increased integration with primary care with Medicaid Funds.

A Pilot Evaluation Plan was developed through the Evaluation and Measurement Workgroup, addressing the requirement to provide formative and summative reports to the Agency of Human Services, legislators, and other key stakeholders. Based on the evaluation results, the Blueprint for Health will form its recommendations for potential ongoing Medicaid funding and expansion to commercial insurers.

This RFP seeks an independent vendor to conduct the qualitative component of the Expansion Pilot Evaluation Plan. The Pilot period is July 01, 2023 through June 30, 2025. Contract period shall be from successful bid award through September 30, 2025

### **Background:**

Vermont is experiencing increased deaths from drug overdose and suicide and concerning levels and acuity of mental health and substance use disorders. Additionally, there is a need to identify and address social determinants of health, particularly housing instability. The objective of this pilot program is to ensure that services occur across the entire population served by primary care practices that participate in the Blueprint for Health, which includes most primary care practices in Vermont.

Specifically, the pilot program will support enhanced Community Health Team staffing levels in primary care practices to enhance team-based care for providing the following services across all ages and insurance payers:

- Universal screening for mental health, substance use disorder, and social determinants of health,
- Brief intervention within the practices when there are positive screening results, and
- Navigation to additional community-based services when warranted

### **Evaluation Framework:**

The vendor shall use qualitative research methods to assist with informing the responses to the following questions from the pilot evaluation framework:

- *How well was the expansion pilot adopted by target staff, practices, and institutions?*
- *Was the program implemented as planned? Were there any adaptations made?*
- *What impact did the pilot have on the Administrative Entities tasked with administering the Blueprint for Health Programs/Community Health Teams?*
- *What impact did the pilot have on Patient Centered Medical Homes?*
- *What impact did the program have on other Mental Health, Substance Use Disorder, and Social Service Providers?*
- *What impact did the pilot have on patients, families, caregivers, and their local communities? Were any Vermonters not previously engaged with a Patient Centered Medical Home able to benefit from any of these services?*

**Scope of Work and Requirements:**

The vendor shall conduct a two-year qualitative program evaluation of the Community Health Team Expansion Pilot with a focus on the following activities:

1. Meet regularly with the Blueprint for Health State evaluation representative(s) and participate in any meetings or workgroups required by the State.
2. Submit a detailed qualitative evaluation plan within one month of execution of the contract.
3. Submit evaluation plan progress reports on a quarterly basis thereafter.
4. Conduct surveys, interviews, focus groups, or use other qualitative data collection methods with each participating Health Service Area to gather participant and stakeholder perspectives on the specified questions in the evaluation framework.
5. Gather and analyze qualitative data.
6. Write qualitative evaluation reports, prepare executive summary of findings, and provide recommendations based on the qualitative evaluation findings to be used by the Blueprint for Health. The formative evaluation report is due to the Blueprint for Health by November 1, 2024 respectively, the final program evaluation report is due to the Blueprint for Health no later than August 31, 2025.

The written agreement must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the Use or Disclosure of *Electronic PHI*, and be provided to Covered Entity upon request;

d) Report In writing to Covered Entity any *Successful Security Incident* or *Targeted Unsuccessful Security Incident* as soon as it becomes aware of such incident and in no event later than five (5) business days after such awareness. Such *Report* shall be timely made notwithstanding the fact that little information may be known at the time of the *Report* and need only include such information then available;

6.3 When *Business Associate* determines that an impermissible acquisition, Access, Use or Disclosure of *PHI* for which it is responsible is not a *Breach*, and therefore does not necessitate notice to the impacted *Individual*, it shall document its assessment of risk, conducted as set forth in 45 CFR § 402(2). *Business Associate* shall make its risk assessment available to Covered Entity upon request. It shall include 1) the name of the person making the assessment, 2) a brief summary of the facts, and 3) a brief statement of the reasons supporting the determination of low probability that the *PHI* had been compromised.

14. **Termination.**

14.1 This Agreement commences on the Effective Date and shall remain in effect until terminated by Covered Entity or until all the *PHI* is destroyed or returned to Covered Entity subject to Section 18.8.

14.2 If *Business Associate* fails to comply with any material term of this Agreement, Covered Entity may provide an opportunity for *Business Associate* to cure. If *Business Associate* does not cure within the time specified by Covered Entity or if Covered Entity believes that cure is not reasonably possible, Covered Entity may immediately terminate the Contract or Grant without incurring liability or penalty for such termination. If neither termination nor cure are feasible, Covered Entity shall report the breach to the Secretary of HHS. Covered Entity has the right to seek to cure such failure by *Business Associate*. Regardless of whether Covered Entity cures, it retains any right or remedy available at law, in equity, or under the Contract or Grant and *Business Associate* retains its responsibility for such failure.

15. **Return/Destruction of PHI.**

15.1 *Business Associate* in connection with the expiration or termination of the Contract or Grant shall return or destroy, at the discretion of the Covered Entity, *PHI* that *Business Associate* still maintains in any form or medium (including electronic) within thirty (30) days after such expiration or termination. *Business Associate* shall not retain any copies of *PHI*. *Business Associate* shall certify in writing and report to Covered Entity (1) when all *PHI* has been returned or destroyed and (2) that *Business Associate* does not continue to maintain any *PHI*. *Business Associate* is to provide this certification during this thirty (30) day period.

15.2 *Business Associate* shall report to Covered Entity any conditions that *Business Associate* believes make the return or destruction of *PHI* infeasible. *Business Associate* shall extend the protections of this Agreement to such *PHI* and limit further Uses and Disclosures to those purposes that make the return or destruction infeasible for so long as *Business Associate* maintains such *PHI*.

16. **Penalties.** *Business Associate* understands that: (a) there may be civil or criminal penalties for misuse or misappropriation of *PHI* and (b) violations of this Agreement may result in notification by Covered Entity to law enforcement officials and regulatory, accreditation, and licensure organizations.

17. **Training.** *Business Associate* understands its obligation to comply with the law and shall provide appropriate training and education to ensure compliance with this Agreement. If requested by Covered Entity, *Business Associate* shall participate in Covered Entity's training regarding the Use, Confidentiality, and Security of *PHI*; however, participation in such training shall not supplant nor relieve *Business Associate* of its obligations under this Agreement to independently assure compliance with the law and this Agreement.

18. **Miscellaneous.**

18.1 In the event of any conflict or inconsistency between the terms of this Agreement and the terms of the Contract or Grant, the terms of this Agreement shall govern with respect to its subject matter. Otherwise, the terms of the Contract or Grant continue in effect.

18.2 Each party shall cooperate with the other party to amend this Agreement from time to time as is necessary for such party to comply with the Privacy Rule, the Security Rule, or any other standards promulgated under HIPAA. This Agreement may not be amended, except by a writing signed by all parties hereto.

18.5 *Business Associate* shall not have or claim any ownership of *PHI*.

18.6 *Business Associate* shall abide by the terms and conditions of this Agreement with respect to all *PHI* even if some of that information relates to specific services for which *Business Associate* may not be a "*Business Associate*" of Covered Entity under the Privacy Rule.

18.7 *Business Associate* is prohibited from directly or indirectly receiving any remuneration in exchange for an *Individual's PHI*. *Business Associate* will refrain from marketing activities that would violate HIPAA, including specifically Section 13406 of the HITECH Act. *Reports* or data containing *PHI* may not be sold without Covered Entity's or the affected *Individual's* written consent.

18.8 The provisions of this Agreement that by their terms encompass continuing rights or responsibilities shall survive the expiration or termination of this Agreement. For example: (a) the provisions of this Agreement shall continue to apply if Covered Entity determines that it would be infeasible for *Business Associate* to return or destroy *PHI* as provided in Section 14.2 and (b) the obligation of *Business Associate* to provide an accounting of disclosures as set forth in Section 12 survives the expiration or termination of this Agreement with respect to accounting requests, if any, made after such expiration or termination.
