

### **CDD-SAG 10-5-23 Q&A**

1. If I have a child who qualifies for an IEP, but the mother doesn't want the IEP, would we still qualify for funding under the SAG to support this child?

Yes, you can still apply for a Special Accommodation Grant. A child must have an active or interim One Plan, Individual Educational Plan, 504 Plan, or Mental Health treatment plan that addresses the child's specialized need(s). You will also need parental consent.

2. If the grant application deadline is 10/24, when can I begin the program?

Proposed start dates cannot be any time before the monthly SAG application deadline.

3. Are there options to extend the 26 weeks?

Yes, please refer to the request for extension, Attachment K, in the RFGA.
